

LAW-5150-PL Wrap Around Labeler

LABELERS

The LAW-5150-PL Wrap Around Labeler is economical, self contained and easy to operate. This Automatic Wrap Around Labeling system comes equipped with a 6 5/16" wide, 8' long, variable speed conveyor. Armed with the newest and fastest touch screen control technology, it offers an auto teach function and built-in operation manual.

The Stepper Motor Drive delivers accurate and high speed repeatable labeling. Other standard features include a Tilt Label Head, Dual Web Take-up Reels, automatic label head and conveyor belt speed synchronization and many more. Options are available for even more versatility.

The LAW-5150-PL is used in the cosmetic, food and beverage, cleaning and specialty chemical, pharmaceutical, and personal care industries.
